After watching the video, “Child Labor: 11 year old Halima sews clothing for Hanes”, viewable here http://www.youtube.com/watch?w=pTIfY9SmJdA ; answer the following essay questions in at least 3-4 sentences.

1. Compare the hours you work and the money you earn at your job to the hours worked and the money earned to a sweatshop worker. Look at the difference and explain how the long hours and very small wages a sweatshop worker has, are not fair.

2. Halima explains how she, along with other workers, has to brush their teeth with their fingers and ashes from fire because they don’t make enough money to buy a toothbrush or toothpaste. Put yourself in Halima’s position and imagine how you would feel if this was you and predict what problems would arise from this condition. Would Halima be able to deal with these problems? Why/Why Not?
