

Day 10

Name: _____ Date _____

Economic Structure Unit Test

1. If people are spending the majority of their income of housing and food, how does that affect local economics?
2. Explain how sweatshops control their workers.
3. Explain the economic pressures of Bangladesh's food crisis.
4. How does the purchase of goods that originated from a sweatshop encourage the continued consumption of those same goods?
5. How does the number of hours worked affect the workers in sweatshops?
